4 Separate
Ink Cartridges

DCP-195C

Despite its compact size, the colour inkjet Multi-Function Centre, DCP-195C packs a printer, copier and scanner into its body frame. Its multiple media card slots, direct connectivity to digital cameras and direct access from USB flash memory drives give you the flexibility to get work done by everyone in the family!

With the price of one, DCP-195C prints up to 33 black and white pages per minute and up to 27 colour pages per minute. Further, these speedy print jobs are done with super tiny ink droplets (1.5 picolitre), so that pictures look sharper and contrasts more apparent.

The DCP-195C not only saves you time and space, it saves you money! Comes with a 4 individual ink cartridge system, this means you only have to replace the colour that runs out instead of having to discard an entire tri-colour cartridge - eliminating waste, saving you money and conserving the environment.

When you need true-to-life colour printing, you can trust that there is a Brother at your side.

GENERAL		
Printing Technology		Inkjet
Display		1 line LCD
